Balvac is the foremost specialist repair contractor, offering a full range of repair, strengthening, refurbishment and maintenance techniques across the UK and Ireland - delivered by an in-house team of well-trained operatives and skilled Project Managers.

Balvac undertakes concrete, masonry, and brickwork repair to buildings, bridges, car parks, industrial premises, and heritage structures. Cathodic protection, electrochemical techniques, carbon fibre and steel plate bonding, pressure and vacuum grouting, sprayed concrete, waterproofing systems and surface coatings are but some of the specialist techniques available to our customers. The company is also a leading player in the post-tensioning market, with a range of bonded and unbonded systems suitable for both the civil and building sectors.

Balvac works both as a principal contractor and specialist sub-contractor for a wide range of organisations that include: Local Authorities, the Highways Agency, all the major UK and Irish main contractors, the rail industry, and private clients. The company enjoys an enviable reputation for delivering technically complex and demanding engineering projects both safely and also to programme, quality, and budget. The company has been in business since 1934 and enjoys the significant managerial and financial backing of parent company Balfour Beatty.

Balvac enjoys accreditation to significant levels of notation with the Constructionline, and Link-Up and CHAS schemes, and is widely pre-qualified throughout the Local Authority sector. The company is ISO 9001, ISO 14001, OHSAS 18001 and CARES registered, has won many industry awards, invests heavily in research, and plays a leading role in many technical committees and trade associations. Balvac has an enviable safety record and is extremely proud of being awarded the RoSPA Presidents Award after achieving 10 consecutive RoSPA Gold Awards.

Balvac is heavily committed to the principles of partnering, evidenced by the significant level of repeat business received from clients who appreciate the performance, expertise, value engineering, quality and safety that Balvac's focussed, customer driven approach is consistently able to deliver.
